The Total Money Makeover by Dave Ramsey

AMAZON

Personal finance is certainly not an ecstatic topic to discuss. It is more so true when the takeaway message is to practice restraint and behave responsibly. None of us wants to know that we are all responsible for our poor financial calculations. Dave Ramsay's idea is to kill today and get richer tomorrow. Do not spend the money you don't have. Save money for future expenses. One of the stories is their own story of bankruptcy and how he got ways with it. This book will hit you in the gut and make your head shake

Get Good with Money by Tiffany Aliche

*5 Finance Books for Beginners - **Get Good with Money** by Tiffany Aliche*

AMAZON

Tiffany Aliche was a successful preschool teacher. Sadly, a collapse and advice from a shady person put her out of their job and into the pool of financial crisis. However, as she began to chart the route to rescue her from this pool, the outline of her ten-step formula began to form a shape. These ten steps have now saved a million women to save and pay off debt, and preface planning for an affluent life. *Get Good with Money* introduces the concept of building wealth through an achievable and realistic financial wholeness. Another important aspect of it is to alternate the complicated management system. This book talks about how to systemize your expense, make a plan, and an assessment to learn about issues, money investment, credit score, and more.
