  9. Mike Epps in a Supporting Role:

### **The Plot and Its Connection to Spider-Man**

### ***Madame Web Movie Cast & Character Guide From Marvel Comics***

“Madame Web” does not directly feature Spider-Man but is deeply connected to his universe. The film’s focus is on the titular character, Madame Web, a psychic mutant from the Marvel Comics.

She can foresee the future and has mentored Spider-Man and other spider-themed heroes. This ability to see across realities might link Sony’s Spider-Man Universe with the wider Marvel Cinematic Universe, drawing parallels with MCU’s Doctor Strange.

## **Meet the Cast and Their Characters**

### **Dakota Johnson as Cassandra Webb/Madame Web:**

***Dakota Johnson as Cassandra Webb/Madame Web***

Known for the “Fifty Shades of Grey” series Dakota Johnson, plays Cassandra Webb, or Madame Web. Coming from a Hollywood family, she adds a new twist to Madame Web. Usually, in comics, Madame Web is older and less active. But in this movie, Johnson’s Madame Web is younger and more energetic. This change makes her character more about action, different from the comics.

**Sydney Sweeney as Julia Carpenter/Spider-Woman:**

Sydney Sweeney, famous for “Euphoria” and roles in “Once Upon A Time In Hollywood” and “The Handmaid’s Tale,” plays Julia Carpenter, also known as Spider-Woman, in Marvel Comics. In the movie, Carpenter is a superhero who gets spider powers and later becomes Madame Web. She leads a team of Spider-People. Sweeney’s role has an interesting story to tell.

**Celeste O’Connor as Mattie Franklin/Spider-Woman:**

***Celeste O'Connor as Mattie Franklin/Spider-Woman***

Known for their performances in “Wetlands,” “Freaky,” and “Ghostbusters: Afterlife,” Celeste O’Connor brings to life another Spider-Woman, Mattie Franklin. This character is deeply woven into the Spider-Man universe, sharing connections with pivotal figures like Jessica Drew and J. Jonah Jameson. Franklin’s introduction in “Madame Web” hints at possible major cameos and a deeper dive into the spider-verse lore.

**Isabela Merced as Anya Corazón/Araña/Spider-Girl:**

Isabela Merced, transitioning from Nickelodeon fame (“100 Things to Do Before High School”) to major film roles (“Transformers: The Last Knight,” “Dora and the Lost City of Gold”), plays Anya Corazón. Also known as Araña or Spider-Girl in the comics, Merced’s character adds to the film’s array of Spider-Women, enriching the narrative with diverse spider-powered figures.

**Tahar Rahim as Ezekiel Sims:**

***Tahar Rahim as Ezekiel Sims***

Acclaimed for his roles in “A Prophet” and “The Mauritanian,” Tahar Rahim portrays Ezekiel Sims. Sims, another Spider-Totem character akin to Spider-Man, is depicted as a mysterious figure, possibly with precognitive abilities. Rahim’s portrayal of Sims hunting other spider-people and his enigmatic warnings point to a multi-layered character with significant impact on the film’s plot.

### **Emma Roberts in an Undisclosed Role:**

Emma Roberts, celebrated for her versatile roles in “American Horror Story” and “Unfabulous,” joins the cast in a yet-to-be-disclosed role. Speculations are rife that she could be portraying Charlotte Witter, Madame Web’s power-stealing granddaughter, or perhaps Mary Parker, Peter Parker’s mother. Her role remains one of the intriguing mysteries of the film.

**Adam Scott in an Undisclosed Role:**

***Adam Scott in an Undisclosed Role***

Best known for his portrayal of Ben Wyatt in “Parks and Recreation” and starring roles in “Severance” and “The Good Place,” Adam Scott is also part of this ensemble in an undisclosed role. Theories suggest he might be playing a younger version of Uncle Ben, adding another layer of connection to the Spider-Man universe.

**Zosia Mamet in an Undisclosed Role:**
