7. Halo: Fall of Reach
8. Mass Effect
9. Tomb Raider
10. Sonic the Hedgehog

Assassin's Creed

Top 10 Comics Based On Video Games - Assassin's Creed

BUY NOW

This is a hugely popular series with a very complex plotline. Basically, Templars seek to create order through world domination. Assassins fight for individualism, making this a struggle between authoritarianism and liberalism. The games follow modern day descendants of the assassins reliving their ancestor's journey as they search for mystical elements of power.

The Witcher

*10 Best Video Game Based Comics - **The Witcher***

BUY NOW

At the centre of these comics is Geralt, who goes on adventures with his newfound friend, Jakob Ornstine. The first comic is the House of Glass, which follows the namesake structure in the Black Woods. Now, the duo must somehow escape the house with its myriad monstrosities as well as Ornstine's zombie wife to come out unscathed.

Mirror's Edge

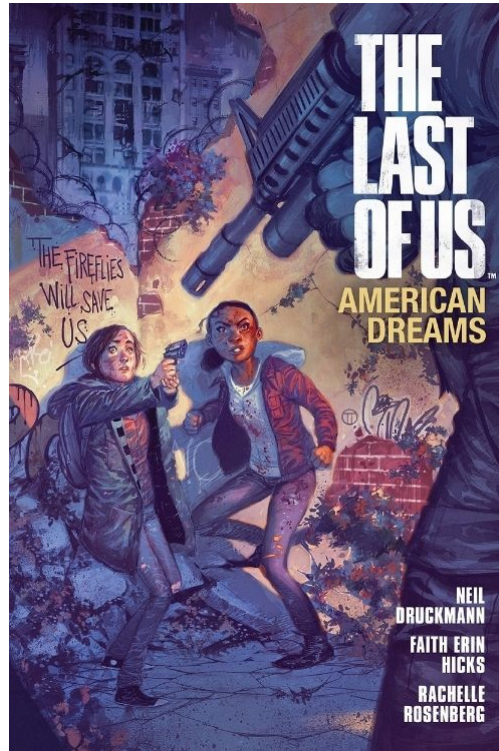

Mirror's Edge

BUY NOW

This prequel comic follows an ambitious Faith, who is attempting to make progress in her life as a runner. Circumstances lead her to begin an involvement with crime boss Dogen. Thus she begins doing odd jobs for him, at the completion of which she will receive her dead mother's artwork. This also has fantasy elements along with a militaristic society.

The Last of Us

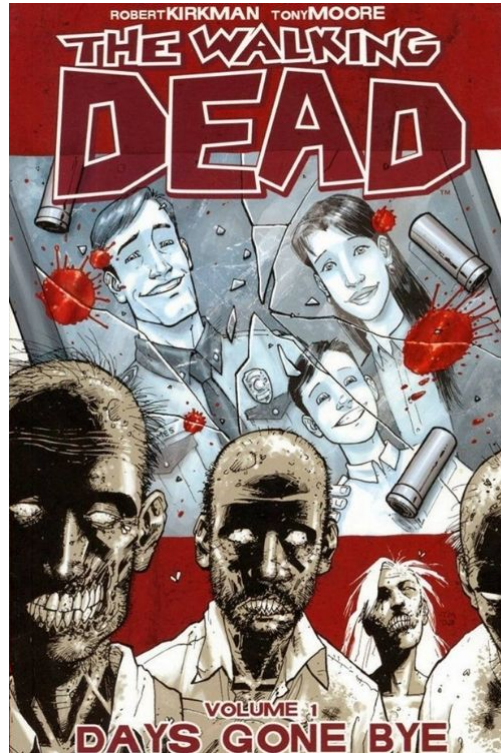

*Top 10 Comics Based On Video Games - **The Last of Us***

BUY NOW

The writer of this comic is also the lead writer of the video game it is based on, creating a seamless world where the two collide. The comics focus on Ellie's life, her upbringing in the quarantine zone and her friendship with Riley. With a hint of melancholy, this is also an excellent work of art.

The Walking Dead

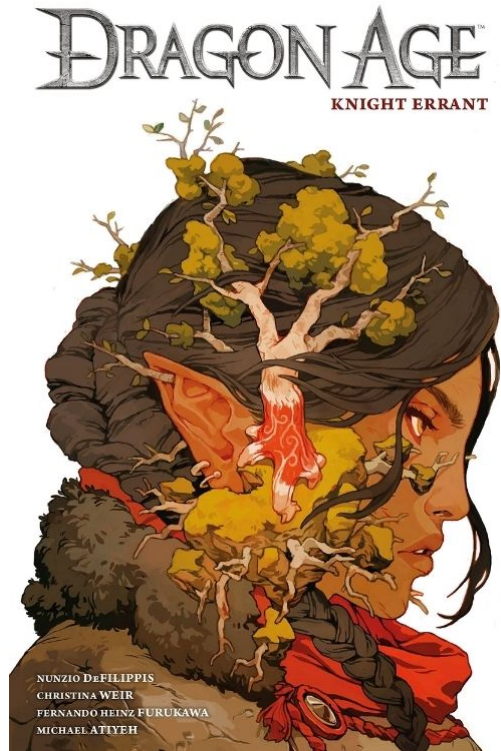

10 Best Video Game Based Comics - The Walking Dead

BUY NOW

This science fiction comic series takes place in a post apocalyptic world. It follows Ricky Grime, who gets a wound in the line of duty and wakes up to find that the undead have overtaken the world. As the zombies attack his family and friend, he struggles to survive and make a place for himself in this new world.

Dragon Age

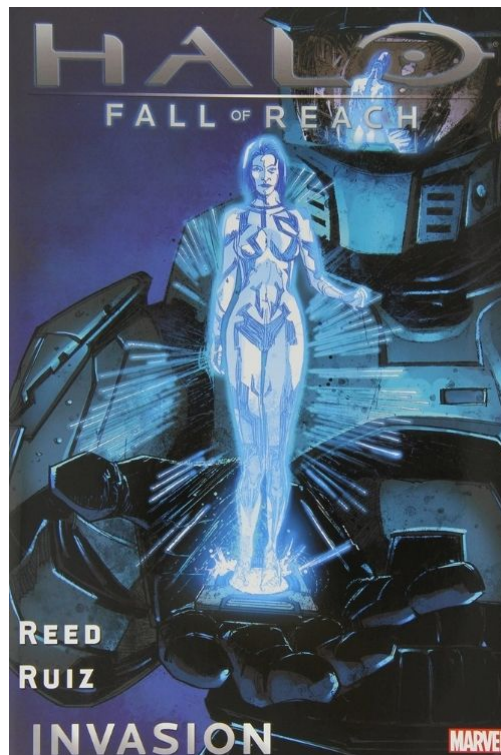

Dragon Age

BUY NOW

This 2009 comic is the first in a series. This first one tells the story of a group of Templars who go on a search and destroy mission to annihilate Flemeth. Flemeth is a witch of the wild. The subsequent comics further this plot and introduce new characters to the series. The comics are full of adventure.

Halo: Fall of Reach

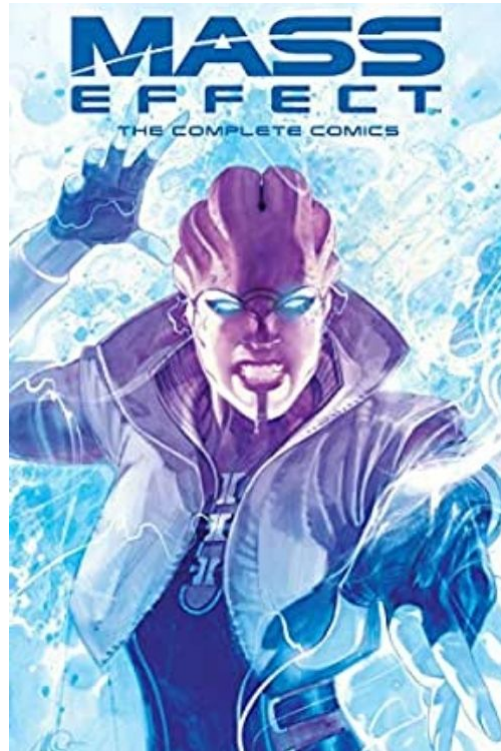

*Top 10 Comics Based On Video Games - **Halo: Fall of Reach***

BUY NOW

Marvel's Halo is an adaptation of a novel which also forms the basis of a video game. It's a military science fiction, which spans planets and decades. It takes place in the Halo universe, where it is possible to travel faster than time, negating space relativity. Thus, in this world, humans have colonized several other planets and rule them.

Mass Effect

*10 Best Video Game Based Comics - **Mass Effect***

BUY NOW

This comic features Rasa, alias agent Maya Brooks, and follows her journey as she befriends Cerberus and eventually betrays them. It's a sci-fi comic series set in the far future wherein aliens capture the entire milky way galaxy. The series is famous for its representation of same sex relationships and sexual minorities.

Tomb Raider

Tomb Raider

BUY NOW

The protagonist of this comic is Lara Croft, who is an archeologist-adventurer who raids mythological places. Dark Horse publishes these comics, written by Toby Gard in an attempt to defy female stereotypes in comics. She is thus an intelligent, ambitious, crafty and strong girl who roams the world and saves tombs and ruins from robbery.

Sonic the Hedgehog

*Top 10 Comics Based On Video Games - **Sonic the Hedgehog***

BUY NOW

This is the longest running comic book based on a video game, the credit of whose creation goes to Archie comics. The comics follow the adventures of Sonic and his friends as they attempt to fight the evil Doctor Robotnik. The comic not only has a video game based on it but also a movie, featuring Jim Carrey.
